

# BIG FOG ONE-SHEET

---

- **Artist Name:** Big Fog
- **Album Genre:** Folk/Celtic/Blues
- **Album Information:** "Midnight Sun", the debut album by Big Fog, showcases a unique Celtic Fusion sound that blends traditional Celtic music with country, blues, and rock influences. The album features seven original compositions along with the band's interpretation of traditional Celtic and folk songs.
- **Biographical:** The origins of the band date back to 2004, under the name "fiach le firead" (ferret hunt). The initial band members featured Sean King (guitar, vocals, banjo, tin whistle), Terry Campbell (drums, percussion) and Rory Sinclair (bagpipes, guitar, vocals). The band adopted the name "Big Fog" in 2007 and now includes the additional talents of Michael F. Dent (lead guitar, mandolin, vocals), Dave 'Sonic' Hamilton (bass guitar, lead guitar, vocals) and Steffy Miletic (fiddle, vocals), as well as numerous guests playing a variety of instrumentation (mandolin, accordion, bass, bouzouki). The result is an ensemble of energetic and creative talents producing a range of music from haunting melodies to lively jigs.
